Patchless is a bay, roan stallion, 15# hands high, 5 years old this spring, he is a grand individual possesing size, style, action, bone, and finish, to a degree rarely found in a trotting stallion. As sound a horse as lives, with the best of eyes, feet and legs, and with so much natural style and action, that he is bound to make a great breeder. He has never been trained a day, but has plenty of natural speed, and is so well gaited and richly bred that he is sure to make a fast horse with a little work. From his breeding on preceeding page you will see that Patchless is very richly bred in producing lines, being by that good stallion Patch More 11258, record 2:24 and his dam a full sister to the great race mare Mazette 2:042, and two others, while his second dam is a great brood mare being the dam of three with fast records. In this young stallion is combined the blood of George Wilkes, Mambrino Patchen and Strathmore, three of the greatest progenitors of speed known to the trotting turf. You can make no mistake in breeding to Patchless for should you fail to get a trotter, his produce are sure to have so much natural style and action that you will find a ready sale on any market.
